**Bay #4 - 6761-67th Avenue
Red Deer, AB T4P 1K3**

Phone: (403) 340-1201 Fax: (403) 340-1232

The Red Deer location of Carson Energy Services' Horizontal Directional Drilling division is located at 6761 – 67th Avenue, in the industrial section of the city.

The Red Deer shop (3,000 square feet, plus attached office space and a yard for equipment) employs four fully trained individuals, however the Company is ready at any time to allocate any of its equipment or trained workers to any branch in order to complete jobs, with little or no notice.

The majority of CES' horizontal directional drilling employees have more than 15 years'

experience, and the Company's stringent safety program is administered by a Corporate Safety Officer.

Work done at the Red Deer location includes:

- Horizontal directional drilling (in a range of size from cable to 20" pipe) for telephone, cable, fibre optic, power, gas, pipeline, water and sewer
- Soil remediation and sampling
- Hydrovac work
- Excavation
- Chain trenching
- Frozen line thawing
- Water washing (steam trucks)
- Skid steer work
- Picker truck work
- Asphalt cutting
- Pipe ramming

CES is willing and able to provide quotes on any job, large or small, including difficult-to-access sites, crossings, etc. and can drill to any size hole through any type of earth (rock, sand, clay or a mixture of all).

To discuss how Carson Energy Services can play an integral role in your upcoming projects, please contact one of our staff members below:
